NIRVAN '26 • TECHNICAL FEST

WEB-A-THON 4.0

FRONTEND DESIGN & DEVELOPMENT CHALLENGE

"Where Ideas Become Innovation"

THE CHALLENGE

Build a website people remember.

Design and develop a modern, responsive and visually engaging technical-fest website. Your submission should communicate the fest identity, showcase its events, and make discovery and registration feel effortless.

DESIGN • UX • RESPONSIVENESS • INTERACTION • FRONTEND CRAFT

01 PROJECT OVERVIEW

Your mission is to design and develop a modern, responsive, and visually engaging website for a college technical fest.

The objective is to create a website that communicates the identity of the fest, showcases its events and activities, and provides visitors with an intuitive way to explore and register for events.

YOU OWN THE CREATIVE DIRECTION

- Visual identity
- Color palette
- Typography
- Layout
- Animations
- Interactions
- Overall
- UX

WHAT GETS EVALUATED

Design creativity + Frontend Skills

Participants receive the same content and functional requirements, but the visual language, interaction model, and user experience are yours to define.

CREATIVITY

UX

RESPONSIVE

CODE QUALITY

02 FEST INFORMATION

FEST	NIRVAN '26
TAGLINE	Where Ideas Become Innovation
TYPE	Annual College Technical Fest
DURATION	2 Days
VENUE	GEHU Campus
AUDIENCE	Students • Developers • Designers • Technology enthusiasts
THEME	Innovation + Technology + Competition + Community

TARGET USERS

- Students: discover events, rules, schedules, prizes and registration.
- Visitors: understand the fest, explore events, view speakers/sponsors and find venue information.
- Organizers: present the fest professionally and establish credibility.

03 WEBSITE OBJECTIVES

1 CREATE EXCITEMENT

Make the technical fest feel worth joining.

2 CLARIFY INFORMATION

Important details should be understood quickly.

3 EASY DISCOVERY

Help users find the right event without friction.

4 DRIVE REGISTRATION

Keep clear registration CTAs visible.

5 WORK EVERYWHERE

Deliver a smooth desktop, tablet and mobile experience.

6 SHOW YOUR CRAFT

Blend technical execution with creative identity.

04 REQUIRED EXPERIENCE

HOME PAGE • HERO

Must include:

- NIRVAN '26 + fest tagline
- Date + venue
- Primary CTA: Explore Events
- Secondary CTA: Register Now

OPTIONAL POWER-UPS

- Countdown timer
- Animated background
- 3D elements
- Interactive graphics Technology-
- Themed effects

ABOUT THE FEST

Explain what NIRVAN is, why it is organized, what participants can expect, and previous achievements/highlights.

NIRVAN '26 brings together developers, innovators, designers, and technology enthusiasts for two days of challenges, competitions, workshops, and collaboration.

05 EVENT ARENA

HACKATHON

A high-energy innovation challenge where participants turn ideas into impactful solutions. Build, code, collaborate, and compete against talented teams while solving real-world problems under time constraints.

TREASURE HUNT

A thrilling adventure combining logic, teamwork, observation, and problem-solving. Follow clues, overcome challenges, and race against other teams to uncover the ultimate treasure.

E SPORTS

Experience the ultimate competitive gaming arena where strategy, teamwork, reflexes, and skill come together. Compete against fellow gamers, climb the leaderboard, and battle for victory.

CTF

Put your cybersecurity skills to the test through a series of challenges covering cryptography, web security, forensics, reverse engineering, and more. Find the flags, crack the challenges, and prove your skills.

WORKSHOP

An interactive learning experience designed to bridge the gap between theory and practical skills. Learn from experts, explore emerging technologies, and gain hands-on experience through engaging activities.

06 EVENT DETAILS

EVERY EVENT PAGE SHOULD SHOW

- Event name + description
- Date + time + venue
- Team size + eligibility
- Registration fee + prize pool
- Rules
- Registration CTA

EXAMPLE • HACKATHON

Put your problem-solving skills to the test in a fast-paced competitive programming challenge.

DATE	12 October 2026
TIME	10:00 AM
VENUE	Computer Lab 1
TEAM	2-4
FEE	₹100
PRIZE	₹15,000
CTA	Register Now

07 SCHEDULE • SPEAKERS

SCHEDULE

09:00	Opening Ceremony	Main Auditorium
10:00	HACKATHON	Lab 1
11:00	TREASURE HUNT	Seminar Hall
13:00	Lunch	Food Court
14:00	E Sport	Lab 2
16:00	CTF	Open Ground
18:00	HackSprint Begins	Innovation Lab

This is sample schedule for reference

MAKE IT EASY TO SCAN

- Timeline
- Cards
- Tabs
- Filters

Interactive schedule

SPEAKER / GUEST PROFILE

- Name
- Designation
- Organization
- Short bio
- Photograph

MINIMUM: 3 PROFILES

08 SPONSORS • GALLERY

SPONSOR WALL

TITLE SPONSOR

TechCorp • Zeopto

GOLD SPONSORS

DevLabs • CloudNova • .xyz • lovable.Ai • HackNest

COMMUNITY PARTNERS

GitHub Community • GDG

GALLERY

Create a visual gallery representing previous editions of the fest.
Minimum: 6 images.

MASONRY

GRID

CAROUSEL

LIGHTBOX

HOVER

Showcase strong image presentation and responsive behavior — the gallery is part of the experience, not an afterthought.

09 REGISTRATION • CONTACT

REGISTRATION

Clear registration CTAs should appear throughout the experience. Minimum CTA: Register Now.

- Open a registration form
- Open a registration modal
- Redirect to a registration URL
- A fully functional backend is not required; mock/static data is acceptable.

CONTACT + VENUE

Organizing Team

Email	nirvan@gehu.in

Location	GEHU Campus

10 DESIGN SYSTEM

VISUAL HIERARCHY

Important information should be immediately visible.

CONSISTENCY

Maintain consistent typography, spacing, buttons, cards, colors and components.

ACCESSIBILITY

- Readable text
- Adequate contrast
- Meaningful button labels
- Responsive layouts
- Appropriate image

INTERACTION IDEAS

- Hover effects
- Animations
- Event filtering
- Countdown
- Tabs
- Modals
- Carousels
- Scroll
- animations

Animations should enhance — never distract.

11 TECHNICAL + PERFORMANCE

ALLOWED FRONTEND

HTML • CSS • JavaScript • React • Next.js • Vue • Angular • Svelte • Tailwind CSS • Bootstrap • Material UI
• other frontend libraries

BACKEND

Optional. Mock/static data is acceptable.

DEPLOYMENT

Must be publicly accessible.
Acceptable: Vercel, Netlify, GitHub Pages, or another public host.

PERFORMANCE MATTERS

- Fast initial loading
- Optimized images
- Responsive interactions
- Minimal unnecessary animations
- Clean component structure

A beautiful site that loads badly should lose points.

12 RULES • AI • JUDGING

We will evaluate not only the UI and visual design, but also your understanding of frontend concepts, implementation choices, and how effectively you collaborate as a team.

COMPETITION CONSTRAINTS

- Duration: 5 Hours
- Team size: 1–4 participants
- Submit a live website URL
- Submit a GitHub repository
- Submit a short design-approach description

AI USAGE POLICY

- AI may be allowed for debugging, learning, code generation, boilerplate and technical solutions.
- Participants should be able to explain their implementation.
- Significant AI-generated code/assets may be disclosed if required.

JUDGING • 100 POINTS

Implementation & Knowledge	25
Creativity & Originality	20
UX & Navigation	15
Responsiveness	15
Functionality	10
Animations & Interactions	10
Code Quality	5

13 BONUS • FINAL EXPERIENCE

BONUS FEATURES

Dark/light mode

Advanced animations

3D elements

Interactive event explorer

Event filtering

Countdown timer

Custom cursor

WebGL effects

Accessibility features

PWA support

Advanced micro-interactions

Bonus feature should not compensate for poor fundamentals.

THE GOLD STANDARD

Make judges understand it in seconds.

What is this event? • Why should I participate? • What events are available? • When and where are they happening? • How do I register?

DESIGN. BUILD. DEPLOY. IMPRESS.
